Monty 4400

TIRE CHANGER

Monty 4400

HEAVY DUTY TIRE CHANGER FOR TRUCK, BUS AND MANY OFF-ROAD APPLICATIONS.

The Hofmann 4400 tire changer is designed to mount/demount all truck, bus, tractor, and off-the-road tires up to 90" in diameter.

- **Self-centering four jaw chuck**

The hydraulically operated clamping jaws can clamp from 14"-44" either from the rim inner side or from the rim center bore. With optional jaw extensions up to 56".

- **One-man operation**

The remote control console allows one person to safely monitor all tire-changing operations.

- **Patented mount/demount head assembly**

The bead breaker disc and mount/demount heads are combined into one assembly for ease-of-use.

- **Versatility**

The 3 HP 2 speed bi-directional chuck motor and heavy duty hydraulics allow the 4400 to handle the toughest tubeless, tube type, single or multi-piece wheels, Budd and Dayton rims.

Tire changer for over-the-road applications.

Heavy duty wheel balancer for truck, bus, RV, and automobile/light truck tires.

TIRE CHANGER

Specifications

Shipping weight	2085 lbs.
